(see instructions below)

USB Dongle Serial Number:

*Please allow up to 2 weeks for delivery of product. Delivery will be in the form of an email and is specifically intended for the system for which it was ordered.

*All serial numbers must be complete and accurate, otherwise your order cannot be completed.

*White underprint upgrade requires the purchase of a genuine iColor fluorescent white cartridge

Finding the internal ID:

- 1) Open iColor print software
- 2) Click 'Setup Options' tab, then select 'Variable Data'
- 3) Record the Dongle ID number revealed
